Japan Innovation Program 2018
Pitch Networking Event

The 1st edition of the *Japan Innovation Program 2018* will be held from the 25th to the 29th of November in Tokyo.

Set up by Business France, the French Trade Agency, this event targets selected innovative French startups of AR, VR and AI.
During a week, the French entrepreneurs will participate to different business matching sessions with Japanese potential partners.

A pitch session will be jointly organized with EDGEof on the 28th of November, at their offices in Shibuya, followed by a networking cocktail.

All the start-ups from the program 2018 will pitch in English at the event.

You are warmly invited to attend this session of pitch, as well as the following cocktail. We truly think that this will be a perfect opportunity to come discover new IT innovation while networking with other guests (major Japanese IT and Tech companies, local VCs, ...)

When?   Wednesday 28th of Novembre, 7:00 PM to 9:30PM
                        (opening entrance at 6:30 PM)
- Presentation session: 7:00 PM – 7:45 PM
- Pitch session: 8:00 PM – 8:30 PM
- Networking cocktail 8:30 PM- 9:30 PM

Where?   EDGEof
                        1-11-3 Jinnan, Shibuya-ku Tokyo

For details regarding the participating startups, please see the attached list.
Should you be willing to attend this event, please be kind enough to register online at:
